

Multiple Registration Process

Use this process to register more than one person at a time. The invoice will include everyone registered during this process.

1. Create your own account and log in. This way all invoices will be connected to YOUR email account.
2. Choose REGISTER NOW, then REGISTER.
3. Choose NEW REGISTRATION.
4. Enter the email address OF THE FIRST PERSON TO BE REGISTERED.
5. Select the registration type (FULL, Monday only, or Tuesday only) for that person.
6. Complete the form with the person's information.

7. Select PAY LATER.
8. Select NEW REGISTRATION and repeat process for each additional person to be registered.

All the people you register will appear on one invoice.

At the end of the process, you can pay the entire invoice with one credit card payment.
